

**IEEE Signal Processing Society**  
**Amar G. Bose Industrial Leader Award**

(formerly known as the Industrial Leader Award)

The Amar G. Bose Industrial Leader Award recognizes an industry business or technical leader whose leadership has resulted in major and outstanding advances or new directions using signal processing technologies within the scope of the Society.

<b>2020</b>	<b>Henrique S. Malvar</b> , for contributions to multimedia signal processing and industrial research leadership.
<b>2019</b>	<b>Li Deng</b> , for leadership in pioneering research and development on large-scale deep learning that disrupted worldwide speech recognition industry and for leadership in natural language processing and finance engineering.
<b>2018</b>	<b>No recipient.</b>
<b>2017</b>	<b>Alfonso Farina</b> , for contributions to radar array processing and industrial leadership.
<b>2016</b>	<b>No recipient.</b>
<b>2015</b>	<b>John R. Treichler</b> , for sustained impact and leadership to the security and intelligence industry through signal processing innovations.
