

CALL FOR PROPOSALS ICIP 2023

The IEEE Signal Processing Society (SPS) is now accepting proposals for the 2023 IEEE International Conference on Image Processing (ICIP).

ICIP is the premier international forum for the technological advances and research results in the fields of theoretical, experimental, and applied visual information processing. ICIP is a flagship conference of the IEEE Signal Processing Society (SPS) and attracts over 1,200 attendees annually. Research frontiers in fields ranging from traditional image processing applications to evolving multimedia and visual technologies are regularly advanced by results first reported in ICIP sessions and events.

SPS Members are invited to submit a proposal to host ICIP. If you are interested in submitting a proposal, please review the [ICIP Proposal Guidelines](#).

To submit a bid, please complete and submit the [SPS Proposal Pre-Screening Form](#) by **25 March 2019**.

Proposal Pre-screening Forms will be assessed by the SPS Conferences Board Executive Subcommittee to determine the final proposing teams. The final proposing teams will be invited to prepare full proposals, and if approved, asked to present them at the SPS Conferences Board meeting held at ICIP 2019 on 22-25 September in Taipei, Taiwan.
