

**CALL FOR PROPOSALS**  
**IEEE ISBI 2022 & 2023**  
Deadline: **11 August 2020**

The IEEE ISBI Steering Committee is accepting proposals in all regions for the 2022 and 2023 IEEE International Symposium on Biomedical Imaging (ISBI).

The IEEE International Symposium on Biomedical Imaging (ISBI) is the premier forum for the presentation of technological advances in theoretical and applied biomedical imaging. ISBI has played a leading role in facilitating interaction between researchers in medical and biological imaging. The future meetings will continue this tradition of fostering cross-fertilization among different imaging communities and contributing to an integrative approach to biomedical imaging across all scales of observation.

IEEE Engineering Medicine and Biology Society and IEEE Signal Processing Society Members are invited to submit a proposal to host and organize ISBI 2022 & ISBI 2023. If you are interested in submitting a proposal please review the ISBI Proposal Guidelines.

If you are interested in submitting a proposal, please complete and submit the [ISBI 2022 & 2023 Proposal Pre-Screening Form](#) by **11 August 2020**.

Submissions will be assessed by the ISBI Steering Committee to determine the final proposing teams. Finalists will be invited to prepare full proposals, and if approved, asked to present them at during an ISBI Steering Committee conference call held in October 2020.
