

Call for Proposals

Call for Proposals IEEE ICIP 2026

The IEEE Signal Processing Society (SPS) is accepting proposals from SPS members of all regions for the 2026 IEEE International Conference on Image Processing (ICIP).

ICIP is the premier international forum for the presentation of technological advances and research results in the fields of theoretical, experimental, and applied image and video processing. The series is sponsored by the IEEE Signal Processing Society and has been held annually since 1994. Research frontiers in fields ranging from traditional image processing applications to evolving multimedia and video technologies are regularly advanced by results first reported at ICIP.

[“View proposal guidelines”](#)

1. To submit a proposal, first familiarize yourself with [the SPS Conference Organizer Guidelines](#). Please read, review, discuss and build your proposal and plans based around these guidelines. Then, please complete and submit the following material **by 25 January 2023**:
2. [SPS Conference Proposal Pre-Screening Form](#)
3. [SPS Conference Proposal Pre-Screening Budget Summary](#)
4. [Organizing Committee List](#)

Proposal Pre-screening Forms will be assessed by the IVMSP Technical Committee and the SPS Conferences Board Executive Subcommittee to determine the final proposing teams.

Finalists will be invited to prepare full proposals, host a site visit by SPS representatives between June and September 2023, and present the proposal at the SPS Conferences Board and IVMSP TC meetings held at ICIP 2023 from 8-11 October in Kuala Lumpur, Malaysia.
