

IEEE Multimedia Signal Processing (MMSP) Workshop 2024

Invitation to Submit Proposals

The Multimedia Signal Processing Technical Committee (MMSP-TC) of the IEEE Signal Processing Society, which is the sponsor of the MMSP workshop, invites proposals for the 2024 workshop edition. The primary aim of the MMSP workshop is to promote the advancement of multimedia signal processing research and technology with special emphasis on the interaction, coordination, synchronization, and joint processing of multimodal signals.

Proposals are open to all regions, but to keep with the practice of regional rotation, preference will be given to proposals from North America. The proponents should first send an intention letter prior to the proposal submission, and then submit their proposal electronically to the MMSP-TC Chair, Ivan Bajic (ibajic@ensc.sfu.ca), and Vice-Chair, Giuseppe Valenzise (giuseppe.valenzise@l2s.centralesupelec.fr) by the deadlines indicated below. The proponents of the finalist proposals will be invited to present their bid at ICME 2023, in Brisbane, Australia.

Prospective bidding teams should contact the MMSP-TC Chair, Ivan Bajic (ibajic@ensc.sfu.ca), and Vice-Chair, Giuseppe Valenzise (giuseppe.valenzise@l2s.centralesupelec.fr), in order to obtain details about the content and the format of the proposals.

Timetable for Proposal Submission and Evaluation:

- Intention letter of proponents to the TC Chair and Vice-Chair: March 15th, 2023
- Proposal submission deadline: June 10th, 2023
- Presentation of finalist proposals at ICME 2023, 10-14 July, 2023, in Brisbane, Australia.
- Notification of decision to proponents: September 1st, 2023
